# ROTAS
## SECURITY

# Focused offensive cybersecurity solutions fortifying the security posture of organizations.

A veteran-owned business, our team consists of experts in adversarial simulation, advanced persistent threat emulation, penetration testing, red teaming, attack surface analysis, and threat hunting.

# CORE COMPETENCIES

## Penetration Testing

Practically gauge the efficacy of security controls, employing an adversarial perspective by simulating an attack. Provides a realistic view of genuine security posture. Assists with vulnerability prioritization activities.

## Vulnerability Assessments

Identify, inventory, and assess potential security centric issues in technology infrastructure. Provides an initial picture of security posture. Leverages automation, along with manual techniques, to get an initial threat landscape.

## Red Teaming

Full spectrum testing, using a targeted, opportunistic approach. Simulate adversarial tactics, in a clandestine fashion. Assess security posture, along with incident response processes, focusing on evasion, and non-attribution.

## Social Engineering

Assess end-user awareness, using tactics to coerce users into performing actions advantageous to attackers. Identify areas for improvement in end-user awareness training, as well as preventative and detective security controls.

## Security Program Engineering

Security architecture, and infrastructure services. Security program development and management. Security staff augmentation.

## Security Training

Advanced, practical, hands-on cyber simulation training covering penetration testing, web appplication security, social engineering, and attack surface analysis.

# COMPANY DATA

## ROTAS SECURITY, LLC

**Company Status:** Veteran Owned Small Business
**DUNS:**112414988
**Cage Code:** 8UVU6

## NAICS CODES

**541519 Other Computer Related Services**
**541511 Custom Computer Programming Services**
**541512 Computer Systems Design Services**
**541690 Other Scientific And Technical Consulting Services**
**611420 Computer Training**

## CONTRACT VEHICLES

**GSA Multiple Award Schedule**
**54151 Highly Adaptive Cybersecurity Services (HACS)**
 - Penetration Testing
 - High Value Asset Assessments
 - Risk and Vulnerability Assessment
**54151S IT Professional Services**

**GSA** Contract Holder
